

Get more phone calls from your website and emails with Call Me Now

KEY BENEFITS

- Get more phone calls from prospective students visiting your website.
- Increase conversion by enabling visitors to initiate a phone call to you with click of a button.
- Use a "Call Me Now!" button in your outgoing e-mail or blog. By simply clicking on the button readers will be connected to you by phone.

call me now

How it works

- 1 A prospective student visits your website and clicks on a "Call Me Now!" button.
- 2 A small window pops up and the prospect simply types their phone number and presses the "Call" button. The prospect's phone rings and when they pick up it is ringing you. Presto - you are connected.
